

# **SABINO HOLDINGS**

## **MINING & CONSTRUCTION**

MINING EQUIPMENT, TOOLS AND SERVICES

# Our Strategy

**To provide specialist mining supplies services to the mining industry.**

## **Vision & Commitment**

Sabino Holdings Mining Supplies has a vision of becoming one of the foremost mining equipment suppliers in South Africa. Sabino Holdings executives are committed to this vision and are actively seeking company accreditation.

## **Objective**

To provide mining equipment and accessory services of the highest professional level with a safety and environmental record second to none.

## **Mission**

To accomplish our Vision and Objective by continuous self-improvement and training to develop our employees, who are our greatest assets, to standards in all facets of mining including safety, environmental, engineering, and mechanical and productivity.

# Foundation

Sabino Holdings Mining Services views each project is independently to uniquely meet the client's requirements and provides expertise and equipment to achieve objectives, schedules and scope of works. The company's personnel have many years of experience and have acquired knowledge in efficient mining and construction practices particularly in gold, copper and coal operations, drilling and blasting, earthworks and the construction of dams, rural airstrips and roads.

- Pumping Systems (dewatering pumps, slurry pumps, mill circuit slurry pumps, tailings management pumps, sump pumps) and slurry pump parts and spares
- Welding machines and/or consumables
- Underground mining equipment
- Conveyor systems
- Pneumatics equipment (paint sprayers, pavement breakers, blast cleaners)
- Mining chemicals
- Motors
- Automation
- Hoses
- Spare parts
- Construction materials and equipment
- Bitumen
- Protective clothing

# Our Products

## *Sprayer Pump*

Provides high volume water flow with reduced pump cycling, has a large five-chamber diaphragm.

With on-demand switching, 3.0 to 5.0 GPM, and 60 PSI, the 51 series will meet your special requirements with positive predictable performance

## *Grundfos immersible pump*

sp7 - 51 c/w 7.5kw 380-415v submersible pump

## *Pipe Flange Gasket*

With or without bolt holes

## *HDPE PIPE*

Mining  
Waterworks  
Irrigation  
Gas lines  
Plumbing

## *Rogue ET 200iPPRO*

civil construction  
agricultural equipment  
industrial and general fabrication

Slurry Pump VK-PSP Vikay

Double Diaphragm Slurry pump  
designed for Shaft Sinking, Drives,  
decline, Ramps, Tunnels & Dams  
with the Head delivery of 40 – 70  
Meters.

Available in two different models  
KPD-250  
KPD-170

## *Flowmeter*

magnetic flowmeter electromag-  
netic flow measuring system pro-  
line promag w400 endress +  
hauser with calibration  
certificate

## **Sabino Holdings is revolutionizing the mining industry by offering solutions that are:**

- Resistant to abrasion and chemicals
- Corrosion- and maintenance free
- Short lead-times and quick to install
- Flexible and light weight
- Reusable
- Low cost

## **Employee Impairment and Fatigue Prevention for Workplace Safety (Fatigue Management)**

If your organization has not yet introduced fatigue Workplace Safety (Fatigue Management) management and/or alertness testing, we encourage you to make it a priority in 2023 because it will make your workplace safer and more productive. The benefits can include:
